

GOVERNOR ARNOLD SCHWARZENEGGER

December 2006

*Galena Street East*

I delighted to send my heartfelt congratulations on your thirty-fifth anniversary.

California's performing arts community thrives because of dedicated groups like yours who give our youth the opportunity to express themselves through dance and music. Since 1972, you have enabled young artists to develop their talents and showcase their hard work through touring options and events. Through your program, children experience not only the rewards of being part of a dance company, but also the opportunity to travel outside of their communities.

I commend your efforts to enhance these young artists' passion. I also know how valuable your service projects are, and I am grateful for your commitment to improving the lives of all children throughout the nation. The "Kids helping Kids" program is a wonderful addition to your organization, and I hope you continue its important tradition.

Please accept my best wishes for a great celebration and another thirty-five years of success.

Sincerely,
